

Tornado cleanup mostly complete

City crews continue cleaning up areas hit by the tornado. They have collected 700 truckloads of debris since the storm and repaired nearly 100 traffic signs damaged by the tornado. More than 40 tractor trailer loads of tree limbs have been transported from the Hampton yard waste site to be composted.

People in affected areas who have questions or special needs can call emergency management at 727-1208.

Get the latest details on the cleanup efforts and other city news on the city's Facebook page at [Facebook.com/HamptonVA](https://www.facebook.com/HamptonVA) or Twitter at [Twitter.com/cityofhampton](https://twitter.com/cityofhampton).
